

Anti - BCAT1 (Smed-betacatenin-1) polyclonal Antibody

Category: Polyclonal Antibody

Catalog #: AB2H141

Immunogen/Specificity:

Polyclonal antibody produced in rabbits immunizing with a synthetic peptide corresponding to N-terminal residues of Freshwater Flatworms Schmidtea mediterranea BCAT1 (Smed-betacatenin-1)

Species Reactivity: Freshwater Flatworms Schmidtea mediterranea

Description: BCAT1 (Smed-betacatenin-1) contains Armadillo/beta-catenin-like repeats. An approximately 40 amino acid long tandemly repeated sequence motif first identified in the Drosophila segment polarity gene armadillo; these repeats were also found in the mammalian armadillo homolog beta-catenin.
