

Product Information Sheet

Goat IgG

Catalog No. BA1044

Size 5 mg

Ig Type IgG

Storage

Store at 4°C for frequent use;
at -20°C for at least one year.
Avoid multiple freeze-thaw cycles.

Expiration

One year from the day of shipment.

Applications

Immunohistochemistry(IHC);
Immunofluorescence(IF);
Immunocytochemistry(IC);
Western blot (WB);
ELISA

Purification

This protein was purified from goat serum by immunoaffinity chromatography which removes essentially all goat serum proteins, except the specific goat IgG.

Raised in Goat

Clonality Polyclonal

Contents

5 mg of affinity purified specific antibody (purification>99%). Lyophilized with 1% sodium acetate.

Usage Method

Recommended Dilutions: Optimal working dilutions must be determined by end user. Working solution can not be preserved for long after being diluted with 0.01M PBS buffer solution (pH7.0-7.6) or 1% sodium acetate.

Applications

| Conjugate | Application |
|-----------|----------------|
| Biotin | IHC, IC, ELISA |
| HRP | WB, ELISA |
| FITC | IF, ELISA |
