

Rabbit anti-p70 S6K Polyclonal Antibody

Cat. #: P9830

.....

Description:

p70 S6K is a ribosome s6 kinase. Affinity purified rabbit polyclonal anti-p70 S6K is developed with C-terminal peptide based on human p70 S6K (-ISKRPEHLRMNL)

Immunogen/Specificity:

human p70 S6K c-terminal peptide (ISKRPEHL-RMNL)-KLH conjugates.

Recognize p70 S6K of human, mouse, rat.

Purification:

Affinity purified with peptide (ISKRPEHLRMNL) on Agarose.

Applications :

ELISA (0.5 ug/mL), WB (1 ug/mL), IP (5 ug/sample)

Formulation

250 µg/mL in TBS, 0.1% NaN₃.

Clone Number:

Isotype:

Species: Human, Mouse, Rat

Storage and Stability: at -20oC, stable for up to three years.
